Click on below button to start downloading Need For Speed Hot Pursuit 1. This is complete offline installer and standalone setup for Need For Speed Hot Pursuit 1 Free. This would be working perfectly fine with compatible hardware version of Windows PC. From the franchises introduction in the mid 90s, Need for Speed made a name for itself by providing racers with a huge library of cars, always entertaining tracks and a new, imaginative approach to racers. As the demand for the series skyrocketed, so did the production, but as time passed, EA tried to make too many of the games, and the quality suffered tremendously. As this happened, sales dropped substantially, and a total reboot was in order. The first reboot product was Need for Speed: Hot Pursuit, released last year, and critics raved that Need for Speed was back on track. Now, in an industry full of good, quality racing games such as Forza, Burnout and Gran Turismo, the need to stay on top has never been more present. Need for Speed: The Run was supposed to be the outstanding continuation of the series, but instead, falls short of expectations and it is doubtful that it will match its predecessors success.
